

# Funshine Children's Center

JUNE 2018

## Infant Newsletter

Dear Parents,

June is here! Let the summer fun begin! Caleb, Lexington, Carl, and Nora all have a great time during Ms. Liz's music time! They love to clap and get their "moves" on! Nora is pulling up on everything and enjoys exploring touch and feel books! Caleb is just about crawling and loves to get into new adventures! Carl loves splashing in the water and jumping and standing! Lexington loves to play ball while sitting on the floor and is learning to roll and throw it back!

This is a reminder that the Waddlers need soft shoes in their tubs. The Robeez style from Stride Rite (Target has a less expensive version) are best for keeping on their feet for protection when they play outside. Also, a hat or hooded light jacket and sunscreen. If you have not turned in a sunscreen form, please do so. Thanks so much!

In infants, Baby Quinn has captured our hearts. She has become "best friends" with Olivia! They sit in the bumbo seats together and Quinn watches Olivia empty the toy tubs! Landon is almost crawling and sits up pretty well by himself. Madeline loves

to roll over off the mats to the mirror to play! She loves to jump in the exersaucers with her friends and they have all discovered their singing voices! Caleb is almost crawling and loves to empty the toy tub with his friends. He loves to laugh out loud and giggle at whatever seems to be funny in our room. Olivia is learning the princess wave and can say "mama and dada"!

We will be proud to welcome new families and new friends in June! We also celebrate our Daddies this month, so we wish all of you a very Happy Father's Day!

We love you all!

Ms. Donna, Ms. Liz, and Ms. Jaclyne
