Dear Parents,

Warm weather is finally here! With summer fast approaching we would like to remind all parents to please be sure to bring your child's water bottle to school if you have not already.

Picnic/Summer Foods

We will have a picnic on our playground this week. We will also create and eat our favorite summer food. Nutrition will be a focus this week as we talk about our favorite health summer foods such as watermelon and corn.

Summer Sports

What are some sports and outdoor activities your family enjoys throughout summer? We will have some great gross motor activities this week, learning how to play volleyball, baseball, tennis and disc golf!

Father's Day!

We are celebrating our super hero dads! This week, we will discuss our awesome dads. We also will create great crafts to show our dads and even make a special gift to give our dads.

At the Beach

This week we will talk about all the sights and animals we can spot at the beach. We will enjoy creating palm trees and painting with sand. We will also have a super cool science experiment while learning about salt water vs. fresh water.

Wonderful Water:

We will have a lot of fun learning and playing with water! We will have water balloons, boats, etc. for the kids to play with!

Splash Day!

Splash Day will be returning on Thursday, June 7th! This is an excellent way to extend our curriculum in outside play. Children will explore and participate in various water fun activities from 10:00 – 11:00. Please be sure your child's sunscreen form has been updated and turned in. Please provide your child with a swimsuit, swim diaper if needed, towel, and water shoes (for safety purposes please do not wear flip flops).

Special Note – Friday June 1st

On Friday, June 1st, we will be having our annual Pre-k graduation program for Pre-k parents only. We would like to ask that you please drop your child off by **no later than** 9:30, or after 12:00 so that we won't disrupt the children's special ceremony. Thank you!
