SEPTEMBER 2018

Jr. Pre K Newsletter

Dear parents,

Preschool is getting off to such a smooth start! Your children had done a wonderful job separating from you and are beginning to attach to their teachers even calling some of us by name. The children are exploring their new classroom, meeting new friends, and settling into their new schedule/ routine very nicely.

August is now over and as we enter the month of September we will be introducing a lot of new themes.

To begin we will learn about Health and Fitness. This is a great theme!! We will get a chance to learn a lot about keeping our bodies healthy and strong from doctor and dentist check-ups to eating healthy and getting plenty of exercise.

Next, we will have so much fun learning all about Cooking! We will measure and mix ingredients to try delicious and healthy foods.

Following the theme of cooking is Food Groups. We will learn about

how to sort items into groups based on if it is a vegetable or fruit and discuss healthy eating habits and limiting junk foods.

Our last theme will be Apples! This is a great theme because we will get a chance to learn about apples as we adventure to Stuckey Farms. We will get to taste freshly picked apples and the sweet taste of apple cider.

Grandparents Day is Friday September 7th. We would like to invite all of the Grandma's and Grandpa's (or other family members) to visit their grandchildren at school from 10:00- 11:00! We will have a craft that they can enjoy making together and other fun activities planned too.

We hope everyone enjoys the cooler weather that is coming our way and we look forward to a great month of September.

Sincerely,
Ms. Marina
