FUNSHINE CHILDREN'S CENTER

APRIL 2018

Sr. Pre-K Newsletter

Dear Parents,

Spring has sprung and we couldn't be happier. The grass will soon be turning green, trees will be blooming, and birds will be singing as nature comes back to life.

Don't forget to bring a jacket for your little one as we will be going out more as it gets warmer.

Also, please remember to check your child's cubby to ensure there's an extra set of clothing and proper sizes.

During the first week of April, we will explore the different types of Spring weather what type of weather occurs this time of year? What's the difference between a spring shower and a thunderstorm? I wonder what we will find out there?

Next we will take a look at spring/baby animals. What animals are born in springtime? Where can we find them? Can we name the different types of babies?

Do you know all of the colors on a rainbow? I'll give you a hint, Roy G. Biv. Each letter is the name of a color. We will discuss the many colors in the rainbow. What combinations can we

come up with? You'll have to ask and see!

Finally, we will take a closer look at plants and flowers. What is a seed? How does a flower grow? What plants and flowers have you seen growing around your home?

Every child is a different kind of flower, and all together make this world a beautiful garden.

Happy Spring!

Ms. Wendy & Ms. Lucy
