APRIL 2019

## Sr. Pre-K Newsletter

Dear Parents,

Spring has sprung and we couldn't be happier. The grass is turning green, trees are blooming, and birds are singing as nature comes back to life.

Don't forget to bring a jacket for your little ones as we will be going out more as it gets warmer.

Also please remember to check your child's cubby to ensure there's an extra set of clothing and proper sizes.

Thank you again parents for all of your help with your child's letter of the week homework. We hope you are seeing the progress they are making every week. You Rock!

During the first week of April, we will explore the different types of spring weather. What type of weather occurs this time of year? What's the difference between a spring shower and a thunderstorm? The letter this week is "D".

Next we will take a look at spring/baby animals. What animals are born in springtime? Where can we find them? Can we name the different types of babies? The letter this week is "G".

Do you know all of the colors on a rainbow? I'll give you a hint, Roy G. Biv. Each letter is the name of a color. We will discuss the many colors in the rainbow. What combinations can we come up with? You'll have to ask and see. The letter this week is "O".

Finally, we will take a closer look at plants and flowers. What is a seed? How does a flower grow? What plants and flowers have you seen growing around your home? The letter this week is "L".

Every child is a different kind of flower, and all together make this world a beautiful garden.

During the Have a wonderful month of April!

Ms. Wendy & Ms. Donna
