ENJOYING OUR PARTY FOOD!

APRIL 2018

Wee Care Newsletter

Dear Parents,

Now that April is here we are planning on spending a lot of extra time outside observing the signs of spring. We have many fun themes and activities planned for this month.

Thank you to all the parents that sent in items for our Easter and St. Patrick's Day parties! The children were very curious with the Easter bunny 😊

For the safety of our children, please be sure your child is properly dressed for outdoor and gym activities. Children should wear close toed shoes, tennis shoes are preferred. If necessary please have an extra pair of tennis shoes in your child's cubby.

During the month of April, we will continue to learn about numbers, colors, shapes, the alphabet, weather, emotions, opposites, sizes, sound of letters and learning new sign language and Spanish. We will also be participating in fine motor skill activities including painting and using the manipulative shakers. A new theme will be introduced each week with exciting art projects and science experiments to support and promote each particular theme of the week.

Spring Weather: This week we will talk about the changes we see in the

weather during the spring. We will observe the weather throughout the week and go on a nature walk!

Spring/Baby Animals Week: We will learn what baby animals are born in the spring and compare baby vs. adult animals!

Colors of the Rainbow Week: During our colors of the rainbow week we will review our and learn what primary colors are and what colors are combined to make secondary colors.

Plants & Flowers Week: It's so nice outside when the flowers are blooming! We will have fun planting our own classroom flower, making paper flowers and learn about the different types of flowers. We will discover different parts of a flower and how they help the flower.

Happy Spring!

Ms. Claudia and Ms. Aleeda

Parent Teacher Conferences

Our parent teacher conferences will be held on Thursday April 12th. Please sign up for a time on your child's classroom door to meet with your child's teacher or to schedule a time for a phone conference. This is a wonderful opportunity for our teachers to share your child's developmental progress with you and for you to ask them any questions you may have as well.
